KEI-LCD desk mount monitors for marine environment.

KEI-W21LCD 21 inch LCD Monitor
KEI-W24LCD 24 inch LCD Monitor
KEI-W27LCD 27 inch LCD Monitor

Interface: Display port / VGA
Rating: AC 100V/220V

Approval conditions

The Type Approval covers hardware listed under Product description. When the hardware is used in applications to be classed by DNV, documentation for the actual application is to be submitted for approval by the manufacturer of the application system in each case. Reference is made to DNV rules for classification of ships Pt.4 Ch.9 Control and monitoring systems.

Type Approval documentation

Data sheet: DNV GL-KEI-WLCD-502
Manual: KEI-WLCD-701 rev 0 dated 2018-06-01
Test reports: LR-KEI-LCD-505 rev 0,
DNV/GL-KEI-WLCD-505 dated 2018-12-10,
A-405-20-A dated 2021-04-16.

Type approval renewal assessment report for TAA0000212, Japan CMC 2024-01-15.

Tests carried out

Applicable tests according to class guideline DNV-CG-0339, August 2021.

Marking of product

The products to be marked with:

- manufacturer name
- model name
- serial number
- power supply ratings

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.
